

Listings Report

General Practitioners (GPs) – Australian
Capital Territory and Queanbeyan

October 2022

Who we are

Cleanbill is a healthcare directory with one simple aim: increasing healthcare accessibility.

We believe that healthcare is at its most accessible when you can see all of your options and their costs before making a booking.

So, Cleanbill shows you just that.

What we do

We collect basic background, pricing, location and contact information for every single healthcare practice of a given speciality in a given area.

Then we put it all on cleanbill.com.au.

Users in that area can then search Cleanbill to find every single healthcare practitioner around them and filter those results by the price of their basic services. In one simple, free search, users can see every healthcare practitioner around them and find one that meets all of their affordability and accessibility criteria.

What this report is

Cleanbill recently listed every single General Practitioner (GP) clinic in the Australian Capital Territory and Queanbeyan.

All 100 of them.

This report outlines the aggregate bulk billing and out-of-pocket cost data we gathered from listing these clinics.
